

## ❖ Event: Tech Shastrarth

A premier platform for intellectual discourse, where the brightest minds in the tech community converge to engage in rigorous debates on pressing issues shaping the technological landscape. This competition seeks to foster critical thinking, articulate communication, and collaborative problem-solving as participants navigate through complex topics at the intersection of technology and society.

### ❖ Participants: Group of 4

### ❖ Venue: A-Block

### ❖ Fees: ₹100 per team

### ❖ Main Co-ordinator: Raghav, Tapan

### ❖ Faculty: Dr.Harsha Padheriya

## ❖ Rules & Regulations:

- All participants must adhere to respectful and professional conduct throughout the event.
- Organizers reserve the right to disqualify any participant for violating the rules or exhibiting disruptive behaviour.
- Time limits: Strict time limits will be enforced for task completion.
- Students are allowed to bring their laptop with them.
- The event is open to all college students.
- Participants caught cheating will be disqualified from the competition.
- **Judges' decisions are final.**

## ❖ Event procedure:

- A topic will be given to two teams
- Each team have to thoroughly go through the topic and gather valuable insights
- A coin toss method is used to determine which team chooses their preferred position (proposition or opposition) or speaking order.
- Teams present their opening statements, outlining their main arguments and setting the tone for the debate. This phase typically has strict time limits for each speaker.

- The main debate consists of several rounds, with each team presenting their arguments, responding to challenges, and adapting their strategies based on the flow of the debate. Each round may focus on specific aspects of the topic.
- Some round may include a Q&A session, where judges, organizers, or the audience can pose questions to participants.
- Judges evaluate the debate based on predetermined criteria, such as argumentation, evidence, style, and overall persuasiveness.
