

❖ Event: Unfinished Dojo

Here participants will be presented with a specific output and a partial code snippet. Your task is to complete the provided code to reproduce the given output. This event is designed to test your coding skills, logical thinking, and problem-solving abilities. Whether you're a seasoned developer or just starting out, this challenge offers a fun and engaging way to enhance your coding prowess. Show off your skills and compete against fellow participants to see who can crack the code and achieve the desired output!

❖ Participants: Solo

❖ Venue: B-Block

❖ Fees: ₹30 per person

❖ Main Co-ordinator: Raj

❖ Faculty: Prof. Preksha Patel

❖ Rules & Regulations:

- All participants must adhere to respectful and professional conduct throughout the event.
- Organizers reserve the right to disqualify any participant for violating the rules or exhibiting disruptive behaviour.
- Time limits: Strict time limits will be enforced for answering.
- Students are allowed to bring their laptop with them.
- Points of information may or may not be allowed depending on the format.
- The participants have to make the design from scratch at the venue, no pre-made designs allowed.
- Participants caught cheating will be disqualified from the competition.
- **Judges' decisions are final.**

❖ Rounds:

- ROUND 1: The code snippet and the output will be of minimal difficulty. Participants are required to compile, run the code and present the exact output as the one provided.
- ROUND 2: Whichever participants have passed the first round will compete to complete the code and achieve the output of higher difficulty to rectify and achieve the desired output
